

BRIAN E STALEY, MD

ANATOMIC & CLINICAL PATHOLOGY

BOARD CERTIFICATION

- Anatomic & Clinical Pathology

RESIDENCY

- Anatomic & Clinical Pathology
University of Utah School of Medicine
Salt Lake City, UT

MEDICAL/DOCTORATE DEGREE

- University of Utah School of Medicine
Salt Lake City, UT

HOSPITAL AFFILIATIONS

- Astria Sunnyside Hospital
- Astria Toppenish Hospital
- Dayton General Hospital
- Kadlec Regional Medical Center
- Kittitas Valley Healthcare
- Lourdes Medical Center
- Prosser Medical Center
- Providence Holy Family Hospital
- Providence Mt. Carmel Hospital
- Providence Sacred Heart Medical Center
- Providence St. Joseph's Hospital
- Providence St. Mary Medical Center
- Trios Health
- Virginia Mason Memorial Hospital

PROFESSIONAL SOCIETIES & ASSOCIATIONS

- American Association of Blood Banks
- American Society of Clinical Pathologists
- American Society of Cytopathology
- Benton County Medical Society
- College of American Pathologists
- Spokane County Medical Society
- Utah Society of Pathologists
- Utah Medical Association

Dr. Staley has been a pathologist at Incyte Diagnostics since 2006. He is board certified in anatomic and clinical pathology. Dr. Staley graduated from the University of Utah Medical School and completed his residency at the University of Utah Health Sciences Center, ARUP Laboratories and affiliated hospitals. His subspecialty interests include cytology, gynecologic and gastrointestinal pathology.

Dr. Staley came to Incyte Diagnostics from AmeriPath-Utah, where he was managing director and Utah State College of American Pathologists (CAP) commissioner. He has served as the medical director of laboratories in Utah, Wyoming, Arizona and Alaska.

Dr. Staley was the recipient of the 2010 Spirit of Planetree Physician Champion Award, which recognizes a physician who exemplifies the Planetree model of patient-centered care and whose actions demonstrate her or him to be a role model for other medical staff members at Kadlec Regional Medical Center.

Dr. Staley has served on the Kadlec Regional Medical Center's tumor board, blood utilization committee, medical executive committee and has worked as the chairman of Kadlec Medical Associates. He has acted as a consultant for Dayton General Hospital and is a member of the Benton County Medical Society and the Spokane County Medical Society.

Dr. Staley speaks fluent Japanese and has worked as a laboratory accreditation consultant for several large Japanese laboratories.

Dr. Staley is licensed to practice in

Washington, Utah, Wyoming, Idaho, Nevada, Arizona and California.

PRESENTATIONS

- "Level of Certainty and its Clinical Implication in Cervical Cytology Interpretation". American Society of Cytopathology meeting, Salt Lake City, UT. 2002.
- "Establishing Parameters for Clinical Feedback on Colposcopic Findings". American Society of Cytopathology meeting, Salt Lake City, UT. 2002.
- "The Rate of Oncogenic HPV Decreases with Age in All Pap Diagnostic Groups". American Society of Cytopathology meeting, Salt Lake City, UT. 2002.
- "Effects of Cellularity in the Detection Rates of Low Grade and High Grade Squamous Intraepithelial Lesions". American Society of Cytopathology meeting, Salt Lake City, UT. 2002.
- "Beyond PT and PTT". Wyoming Society of Clinical Laboratory Scientists, Evanston, WY. 2002.
- "Cost Effective Analysis of Prostate Biopsies". The 93rd Annual Meeting of USCAP, Vancouver. 2004.
- "Number of Positive Cores, Linear Length of Tumor, and Percent Tumor Involvement Should be Simultaneously Reported in Pathology Reports if Prostate Biopsies". The 79th Annual Meeting of Western Section AUA, Las Vegas, NV. 2003.
- "High Molecular Weight Cytokeratin Stain Decreases the Rate of Atypical Glands on Prostate Biopsies". The 79th Annual Meeting of Western Section AUA, Las Vegas, NV. 2003.
- "Comparison of WHO/ISUP and WHO Classifications of Papillary Urothelial Neoplasms". The 79th Annual Meeting of Western Section AUA, Las Vegas, NV. 2003.

- "Second Opinion Reviews of Prostate biopsies". The 79th Annual Meeting of Western Section AUA, Las Vegas, 2003.
- "Pathology Interpretations of Prostate Biopsies and Clinical Interpretations of Pathology Reports". The 79th Annual Meeting of Western Section AUA, Las Vegas, 2003.
- "Twelve Cores in 12 Vials Have a Significantly Higher Prostate Cancer Detection Rate Than 12 Cores in 2 Vials". Annual Meeting of Western Section AUA, October, 2002.
