- Astria Toppenish Hospital
- Virginia Mason Medical Center
- Wallowa Memorial Hospital

PROFESSIONAL SOCIETIES & ASSOCIATIONS

- Oregon Medical Association
- College of American Pathologists
- American Society of Clinical Pathologists
- United States and Canadian Academy of Pathology

Dr. Datta joined Incyte Diagnostics in 2018. She is board certified in anatomic and clinical pathology.

Dr. Datta attended S.K.D.A.V. College and received a bachelor's degree in science, graduating with honors. She attended medical school at Veer Surendra Sai Medical College and graduated in the top 5% of her class.

She completed a residency in internal medicine at Bronx Lebanon Hospital Center focusing on inpatient and outpatient primary care.

Following this, Dr. Datta completed a second residency in surgical and clinical pathology at Maimonides Medical Center. While there, she gained experience in pathologic grossing, cytopathology, hematopathology, forensic pathology, and clinical chemistry. During her residency, she actively participated in journal club, tumor boards, and M&M presentations at the interdisciplinary conferences.

Dr. Datta subsequently pursued a fellowship in transfusion medicine at UCLA and the American Red Cross. While there, she presented grand rounds and didactic sessions to residents and medical students. She also co-authored research publications for the American Red Cross and UCLA.

Dr. Datta completed a second fellowship in surgical pathology at Montefiore Medical Center and Weiler Hospital. During this time, she focused her studies on all aspects of anatomic pathology, signing out cases while

continuing to teach didactic sessions to medical students and residents.

Following her fellowships, Dr. Datta began a career in Oregon and Washington as a staff pathologist for Good Shepherd Hospital and Sunnyside Community Hospital. She continues to serve in these locations as an Incyte pathologist, receiving a variety of Pap test, biopsies, cytology, and bone marrow biopsies.
