Dr. Rhee-Anagnost joined Incyte Diagnostics in 2021. She is board certified in anatomic and clinical pathology and pediatric pathology.

Dr. Rhee-Anagnost received her medical degree from the University of Iowa College of Medicine in Iowa City. She had an opportunity to participate in a post-sophomore fellowship program as a pathology intern at University of Iowa Hospital and Clinics which helped direct her career path into pathology. During her time at medical school, she was awarded into the Gold Humanism Honor Society for demonstrating excellence in clinical care, leadership, compassion and dedication to service.

After medical school, Dr. Rhee-Anagnost completed a residency program in anatomic and clinical pathology at Penrose Hospital in Colorado Springs, Colorado, serving as the Chief Pathology Resident during her final year.

From there, she went on to a surgical pathology fellowship at the Mayo Clinic in Rochester, Minnesota. Upon completing this program, she was able to further specialize by incorporating her interest in pediatric care with a pediatric pathology fellowship at the Children's Hospital Colorado, University of Colorado in Aurora.

Dr. Rhee-Anagnost has gained professional experience while serving as a pediatric and adult pathologist in the Las Vegas, Nevada area for the past 8 years. Her responsibilities include a variety of leadership roles: Director of Pediatric Pathology Services and clinical adjunct faculty for the University of Nevada School of Medicine, along with serving as the

medical and laboratory director for several locations.

Her expertise will provide Spokane area pathologists and clinicians with a valuable resource in providing excellent patient care.
